Developing and maintaining a personal estate plan is essential to achieving your financial security. Gathering this information into one document will provide a centralized place where your financial planning information can be maintained.

In the event of an emergency or death, this type of information can be extremely important. Having everything listed in an organized manner will make things simpler for you and your family.

When you have completed the information, place this guide in a safe location. Make sure its location is known by at least two other family members or close friends. It is recommended that you do not place this in a safe deposit box because of the limited access to it in the time of need.

Completion of this worksheet is for informational and planning purposes only and it will not change the records of any identified account custodian/trustee, company-sponsored retirement plan administrators, life insurance policy providers or annuity policy provider.
